Dear Ms. Kiser and Mr. Sukys:

With this letter, I am transmitting Administrative Modification No. 53 to California's 2008/09-2011/12 Federal Statewide Transportation Improvement Program (FSTIP), which makes minor modifications to the rural, non-MPO portion of the FSTIP. These changes are submitted as an administrative modification. The changes are within the quadrennial element; do not reflect a change in the design concept or scope of the project, or impact financial constraints. Funding is available for these modifications. In addition, there are no projects in this Administrative Modification No. 53 that are included in any other amendment that is currently open for public review. These changes are for projects with American Recovery and Reinvestment Act of 2009 (ARRA) funds. Modifications are made to the following projects:

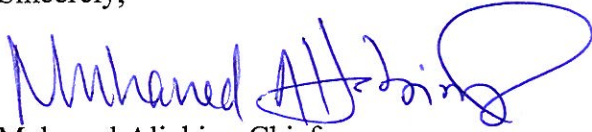

- PREVMANT, Preventative Maintenance Various Counties. Plumas County is unable to use \$134,000 of ARRA funds. These funds will be transferred to Modoc County for project 230-0000-0279.
- RDWREHAB, Modoc County. ARRA funding for this project is increased by \$134,000 which is being transferred from Plumas County.

Since administrative modifications do not require Federal Highway Administration and/or Federal Transit Administration approval, this FSTIP modification has been amended into California's 2008/09-2011/12 FSTIP.
